We have collected 40 filled in forms and analysed (Excel). Faculty members of Two Departments convened meetings with Parents. After going through the feedback given by faculty members it was found that they are satisfied with academic environment, discipline, online admission different facilities and service provided by the office staff. They mentioned that the College should introduce Job oriented courses so that every student can benefit from this programme. It may be noted that we have been trying to introduce Ad-on courses since 2017.
