

Slow & Advanced Learner System for the session 2020-2021

Department of Political Science

Gour Mahavidyalaya

Mangalbari, Malda

Introduction:

We the Department of **Political Science** of Gour Mahavidyalaya, have initiated the academically 'slow & advanced learner' system. Our aim is to bring the best among the students. Advanced learners are motivated to strive for higher goals and are encouraged for higher studies. They are provided with additional inputs by offering special coaching.

The slow learners are never considered as poor achievers as that can hurt their motivation and their interest. This can eventually make them more distressed and introvert in the class. Hence, we treat them like any other student in the class but they are provided extra attention for improvement and achievement. The Department and every individual teacher help slow learners by providing proper guidance and support to them.

We encourage advanced learner to be supporters to the average and the slow learners as it will help to maintain the brotherhood among all students. We keep our advanced classes open to all not limiting to advanced learners only.

Guidelines for identifying Advanced Learners (Academically advanced):

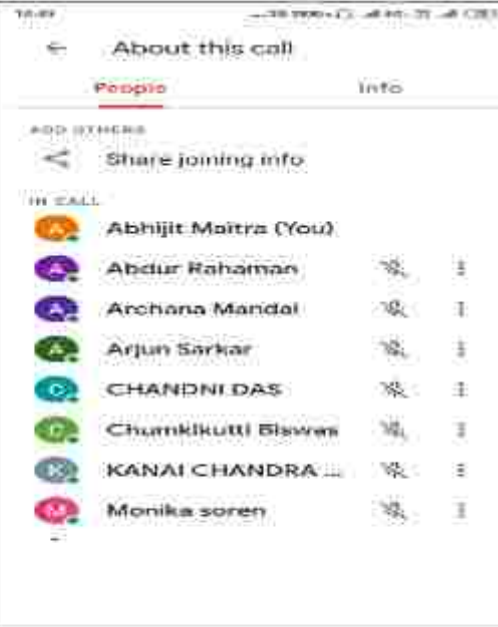

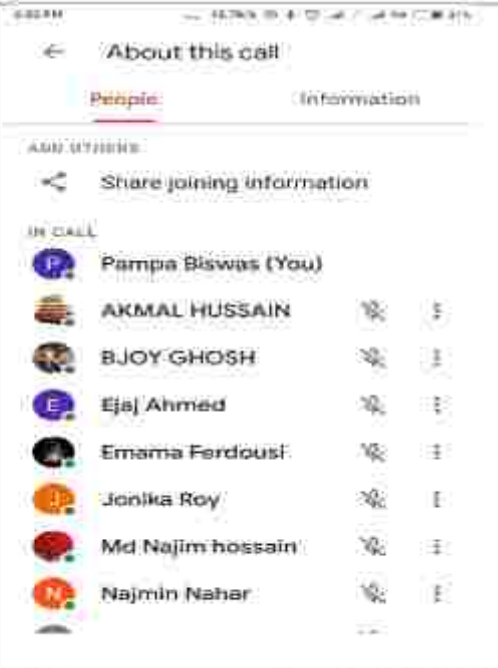

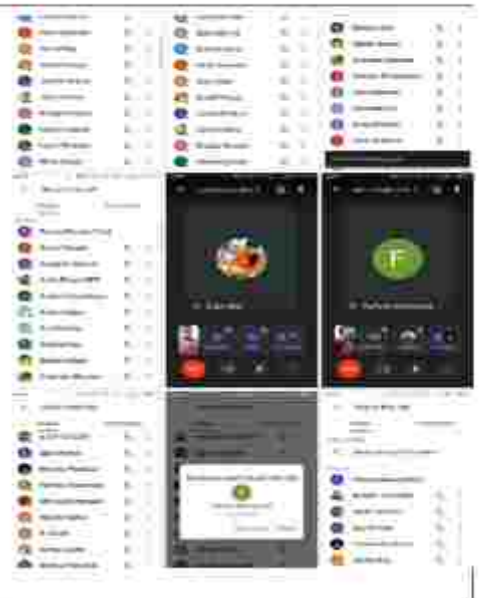

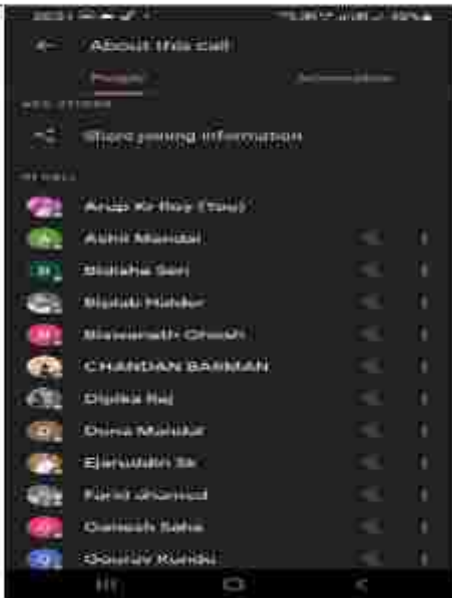

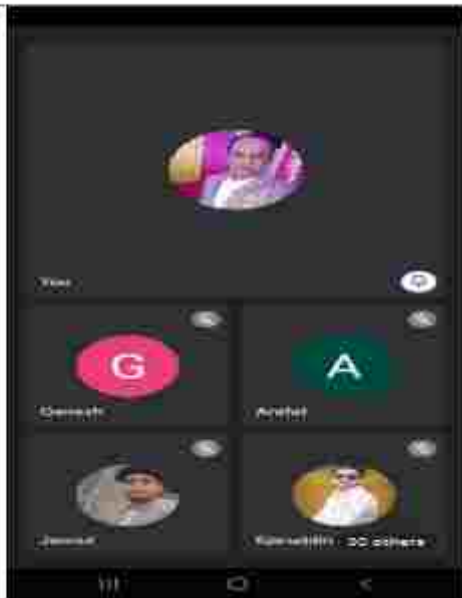

- Advanced Learners are those students who are ahead on the learning curve and can grasp advanced topics/ subjects faster than others.
- Advanced learners are identified based on the performance in University Examination of previous semester, internal examinations and class responses.

Guidelines for Slow Learner (Academically weak):

- The connotation of academically slow learner (Weak Students) means those who could not keep pace with the classroom teaching needs extra attention so as to bring such students at par with the rest of the students of the class.
- Slow learners are identified based on their performance in University Examination of previous semester, internal examinations and class

Class Details:

Date	Platform	Name of Faculty	Participants
27.11.20	Google Meet	Abhijit Maitra	1 st sem students
04.12.20	Google Meet	Arup Kr Roy	3 rd sem students
11.12.20	Google Meet	Pampa Biswas	3 rd sem students
17.12.20	Google Meet	Sujoy Nandi	1 st sem students
05.01.21	Google Meet	Bikram Kumar Saha	3 rd sem students
17.05.21	Google Meet	Abhijit Maitra	4 th sem students
23.05.21	Google Meet	Arup Kr Roy	2 nd sem students
24.05.21	Google Meet	Bikram Kumar Saha	2 nd sem students
24.05.21	Google Meet	Arup Kr Roy	4 th sem students
26.05.21	Google Meet	Pampa Biswas	4 th sem students

Our observations:

We, the faculties of Political Science department, analyze the students' progression on regular basis. We noticed during COVID-19 situation their marks have increased considerably, especially among slow learners. Our analysis also shows online examination has drastically reduced the marks difference between slow and advanced learners. Unfortunately, class responses do not always reflect the same in terms of quality. We further believe, 'slow & advanced learner' system is still in a nascent stage in our department and we shall also evolve with time so that we can push our students towards a better future.
