## Gour Mahavidyalaya Academic Calendar

Gender Equity Programme:LaxmiBhowmick ,Cousellor, Malda Medical College and Hospital,Malda,explored the possible problems that the usage of social media can have on the physical, social emotional and cognitive development of adolescents. Adolescence is such a crucial and vulnerable stage in development, where teenagers begin to form their own identity and create meaningful relationships, but social media can have a profound effect on areas of their development. Social media offers new opportunities and challenges for adolescents more today as a generation than ever before. Issues regarding body image, academic achievement, and self-esteem and the connection to social media usage was reported.
