DC 0	CDIME AND	society. In this module the
DC 9	CRIME AND	
	SOCIETY	students will have a
		clear understanding
		and can differentiate
		between 'crime' and
		'society'. It is
		crucial to
		understand both the
		terms, 'crime' and
		'society' when we
		discuss crime and
		society. Because it
		is hard to
		comprehend crime
		without researching
		society as a whole,
		there is a
		relationship between
		criminology and
		sociology. The
		concept of deviation
		in society is where
		the idea of crime
		originates. Further
		the goal of
		criminological
		theory is to help
		one gain an
		understating of
		crime and criminal
		justice. Theories
		cover the making
		and the breaking of
		the law, criminal
		and deviant

			processes. This
			module will help to
			know the
			interrelationship
			between population
			gender and
			migration. This
			module will further
			help to know how
			population can both
			be a constraint and a
			resource of
			development.
	DC 12	SOCIOLOGY OF	The main objectives
	DC 12	TRIBAL SOCIETY	of tribal studies
		I RIDAL SOCIETI	are to formulate and

		theoretical

			perspectives, i.e. modernization theory and dependency theory. It also highlights the post-development as well as the world system perspectives of development.
	SEC 1	SURVEY METHOD IN SOCIAL RESEARCH	This module will help students understand the process of research, different research designs used, sampling techniques employed and an overview of the field. The students will learn the importance of statistics in social research. This module will help the learners identify the levels of measurement in social science research.
SEM 6	DC 13	STATISTICS FOR SOCIOLOGY	This module will help the students identify the various statistical methods like central tendency, dispersion, range, standard deviation. The students will learn the importance of statistics in social research. They will also understand grouping of data, cumulative frequency, and percentage

		distribution. This
		will also help the
		learners learn bar-
		diagram, pie-chart,
		frequency polygon,
		histogram and
		ogive.
DC 14	SOCIOLOGY OF	This module will
	ENVIRONMENT	help explore the
		various perspectives
		needed to
		understand the
		development of
		environmental
