### Guidelines for Mentor-Mentee Programme

A large number of students who come to our College from different social, cultural and economic backgrounds may face academic and adjustment challenges. To cope with such problems and to enable them to excel in academics as per their potential, a Mentor Mentee Programme for students of all departments of the College has been developed.

#### 1. **Objective**

To ensure that students perform academically up to their potential through mutual support and a congenial learning environment.

#### 2. **Mentor-Mentee Programme Details**

The department may develop their own programme according to the number of students, faculty members and needs of the discipline as well as of the programme.

#### **Following are the guidelines for the Mentor- Mentee programme:**

1. Students shall be assigned to Mentors (Teaching faculty) right from the first semester/year of the programme.
2. A mentor shall have a optimum number of students (Mentees) as per departmental student strength.
3. The mentees preferably be attached to the same mentor for the entire duration of the programme of study.
4. The mentor shall meet the mentees regularly and record the outcome of the meeting in the hard copy or in the software, if available. The details about each mentee will be recorded and periodically updated in the system.
5. The mentor shall identify the students performing exceptionally well in curricular or cocurricular activities and report to the head of the ion/department for providing further motivation to advanced/gifted learners.

  
Principal  
GOUR MAHAVIDYALAYA

### Mentoring Report

Mentoring system is introduced in the Institution with the sole purpose of catering to the needs of the students in the academic and personal level. The Institution being Government College, many students are from economically weaker section of society mostly from rural areas lacking proper academic background and facing financial constrain. Mentoring system is thus an essential feature to render equitable service to the students coming from different background. Mentoring system in the Institutes provides support to the students through advice and counselling, through friendship building, through re-enforcement and constructive role modelling. Thus, mentoring expands beyond teaching to advancement in the educational and personal growth of the mentee.

### Aims and Objectives: -

1. To build relationship of natural trust and respect with the mentee.
2. To provide support to the mentee in devising action plan considering his/her goal and capabilities.
3. To identify slow learners and provide support and help to motivate them.
4. To encourage advanced learners to reach their full potential. To guide and help individual to develop their own vision and goal for the future.
5. To provide access and availability to the mentees.
6. To enhance mentees feelings of safety and belonging in the institute.
7. To enhance students' academic performance and regularity in attendance and motivation to learn.
8. To monitor drop out rates and to motivate the mentees to continue studies to minimise drop out rates.

  
Principal  
GOUR MAHAVIDYALAYA
