Mentor-Mentee: Aims and Objectives

The Mentor-Mentee is a very effective part for the whole teaching and learning process. Considering the number of the students, several groups are created to extend support and guidance to the students in the department of English, Gour Mahavidyalaya. Throughout the courses, the students may come across some difficulties, sometimes some adjustment challenges too. To cope up with such problems, and to enable the students to excel in academic and profession as per their potentialities, the Mentor-Mentee group for the students of the department have been formed on a regular basis. The whole process really works to bridge the gap between the mentees and the mentors for the betterment of their academic and professional career in the days to come, and thereby to contribute to the society and the nation as a whole.

The department of English monitors the students through individual attentions and regular interactions during their stay on the campus. When the mentees at home, they are also regularly communicated through telephone calls, whatsapp groups, G-mails and Google Classroom too. In some cases, especially in their ^{long} absence and absent-mustress related issues, efforts have been made to contact and interact with the guardians, and sometimes by paying personal visits to the houses of the mentees. They are always provided tips and encouragement for improving their studies to overcome the semester-wise texts. The mentees are also supported in their selection of the courses, semester-wise college admission process and different scholarships etc. They are also provided guidance regarding career choices, and to make a place in the different university entrance & competitive examinations too. The whole process is really a very effective one in bridging the gap, and blending the harmonious relationship between the mentors/ the facilitator & the mentees/ the learners, and also his/her family and the institution at large. It has definitely created

an atmosphere and of conviction and faith about their alma mater as a whole.

Aims and Objectives: The followings are the general objectives of the mentor-mentee groups in the department of English:

- i) To deal with the related issues for the holistic development of the students.
- ii) To provide mutual support and congenial learning environment.
- iii) To inspire and motivate for higher studies and competitive examinations.
- iv) To discuss stress related issues.
- v) To ensure the quality performance of the students in academics.
- vi) To regulate the academic involvement and assess the outcome.
- vii) And above all to bridge the gap between the mentor and the mentee and thereby having a proper teaching-learning academic environment.
- viii) To develop their critical thinking on different aspects related to the society in general.
- ix) To make them aware and inculcate values of co-operation, sacrifice, and friendliness.
- x) To think about the crisis in the environment in our life and society.
