(Agenda,Attendance of Mentee, Conclusion, mentorship report)

The Mentor mentee system is a very effective part of the whole learning and teaching process. This system is functioning with an objective to bridge the gap between the teachers and students and to guide students on both educational and personal aspects.

Throughout the course of the programme, the students may encounter the some difficulty and adjustment challenges too. To cope up with the search problem and the enable to the students to excel in academic and profession as per their potentialities, the mentor mentee group for the students of the department formed on a regular and ongoing basis. In light of the student number, three groups are created to provide assistance and guidance to the students in the department of Mathematics, Gour Mahavidyalaya.

Department of Mathematics monitors the students regularly through individual attentions and interactions. All the mentors of the group have arranged mentor-mentee meetings to discuss about different practical problems faced by the mentees in their day to day life, which are mainly connected to their academic matters, curriculum coverage, health related issues, financial conditions of the families of the students, issues related to text and reference books, problems faced at the college, etc. The mentors also communicated the students regularly through telephone calls, WhatsApp groups, Gmail and Google Classroom. The minutes are received assistance in choosing their courses for the semester, particularly the DSE (Discipline Specific Elective), as well as different types of scholarship. The entire process actually plays a fruitful role in improving the academic and professional career of the students in the days ahead.

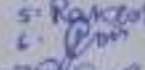

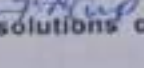

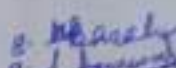

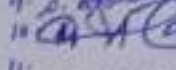

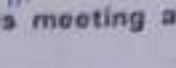

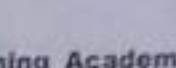

Aims and Objectives: The objectives of the Mentor-Mentee groups of the department of Mathematics include the following:

1. To maintain an open and friendly environment between mentor and mentees
2. To provide continuously monitor, counsel, guide and motivate the students in all academic, personal and career concerns
3. To discover talents and interests of minutes and then define and help them in attaining their goals
4. To advise students in their career development regarding self-employment opportunities, entrepreneurship development, honesty and integrity required for career growth
5. To develop their critical thinking and analytical skills on different aspects related to the society at large
6. To advise students in their professional development regarding professional goals, selection of career and higher education
7. To counsel them on their course, regarding improvement in their performance and consistency in attendance
