Concept Note

Vidwan is the premier database of profiles of scientists/researchers and other faculty members working at leading academic institutions and organisation involved in teaching and research in India. It provides important information about expert's background, contact address, skills and accomplishments. The database developed and maintained by INFLIBNET Centre, Infocity, Gandhinagar. It offers research profiles of experts in various subjects from Nation's leading institutions. Consistent attempts have been made to provide relevant, accurate and updated information about experts. Web enabled interface has been developed to facilitate the search and browsing of profiles of experts. The databases can be searched on parameters such as name, designation, area of expertise, organisation institution, specialization, state, etc.

Aims and Objective of the Training

1. To introduce different institutions and experts of the country through a database of research scholars of the institution
2. To connect users directly with experts who have the skills they need
3. To identify peer reviewers for articles and research proposals
4. To create information sharing and networking opportunities among scientists
5. To assist identify potential collaborators for ongoing research projects

Dr. Subhendu Chatterjee, SACT-1, Department of Computer Science, Gour Mahavidyalaya

Outcome of the Training

The academic training on *How to Open Vidwan Id* has been able to achieve its goal. Thirty-nine teachers of the institution participated and generated Vidwan Id. The experts trained all faculty members who had not yet created their Vidwan IDs. Additionally, the experts offered strategies and techniques for organizing and configuring the profile on the Vidwan Portal's profile page. The faculty members were able to access easily the techniques of generating Vidwan Id and decorating his profile page. With confidence, we can state that the training meets INFLIBNET's stated goal.
