

SLOW ADVANCED STUDENTS REPORT
DEPARTMENT OF EDUCATION
GOUR MAHAVIDYALAYA
2022-2023

The Department of Education believes that all students are unique by nature and have their own unique way of understanding the world around them. Similarly, in simple class teaching, some students understand easily while others struggle. But we cannot dismiss them as failures because there are numerous psychological factors at work behind all of these issues. We cannot differentiate them based on their performance in class tests or anything else. In a simple class test or examination, some students receive high marks while others receive low marks; however, this does not imply that those who receive the lower marks are poor students. It simply means that they require additional encouragement and support from the teachers.

Understanding these psychological factors, the department of education cares for each and every student based on their needs. Once admitted to the department of Education, all students will be assigned to one of the five teacher's Monitorial (Mentor-Mentee) groups. The respective teacher evaluates their students in each Mentor-Mentee group based on the marks they receive in their Higher Secondary, semester, class test, class discussions, and other class activities, etc., and categorizes them as slow or advanced learners.

As a result, the teacher takes classes for mentor-mentee and slow-advanced learners based on the needs of the child. All the teachers take special care of each and every student, especially the slow learners, by mentoring them in the topics that they find difficult to grasp. Aside from the Honors Subject, all of the teachers keep them up to date on how to use new technology so that they can all use it to make learning more enjoyable and fruitful. Thus, we can state that the mentor-mentee and slow-advanced learner groups has a positive impact on education as a whole.
