current programme, subject combination, examination system and areas of their interest. Power point presentation is followed during orientation programme. Faculty members use ICT tools during classes. Moreover, each faculty during the class hours identifies the slow or advance learners by interacting with them and on the basis of percentage (%) of marks obtained in the entry level examination followed by marks obtained in different semester examination.

During the course of time, a systematic evaluation process is used to assess the learning levels of the students. This evaluation process consist of written examination, open book test, group discussion and presentation, project report, practical examination with viva, written assignment, test and class performance. Link for the proof of tutorial class schedule: Special programs for slow learners For Slow learners special classes and class test are conducted. Slow learners take the advantage of tutorial classes conducted by the faculty for one to one interaction. Faculty members conduct extra classes for slow learners after class hours like after 3 P.M. Faculty members supply them study materials (Xerox copy). Faculty members check their home task Faculty mentors provide their mentees one to one counseling on improvement areas. Online special classes Special programs for advance learners Tutorial examinations are conducted. Learning needs of the advance student are further fulfilled by activities such as Advanced learners also attend Workshops/ Seminars/ Symposiums to keep them updated on various Advancements Academic Committees of 20 Departments of our Institute conduct special lectures, student seminar to improve skills of the students.
