The annual university result is further consulted to update the existing lists of Slow and Advanced Learners. The progression or demotion of the students are assessed and are placed in the respective Advanced or Slow Learners Group.

2. Objectives:

The objectives of the creation of Slow and Advanced learners are two-fold:

To meet the objective of assisting the Slow Learners the following measures are proposed:

- 1) The learners are usually engaged thrice in a month to share their problems with their teachers. However, depending on the necessity of the learners the mentors/ teachers may increase or reduce the number of classes/ problem solving sessions.
- 2) They are encouraged to speak about their specific problems with the syllabus.
- 3) They are also asked to share whether there is any difficulty for them to adjust with the academic environment of the college as a whole.
- 4) They are also asked to share their problems at home which are severely affecting their study.
- 5) The problems are individually addressed & specific suggestions are provided.
- 6) Books are provided from the department. Sometimes teachers individually assist to the students.
- 7) Special classes are held, materials are provided and links for online learning platforms are shared with the students.
