Tour Report

on

Art, Architecture and Culture of Cooch Behar with special reference to Cooch Behar Royal Palace

This tour report details the art, architecture and culture of Cooch Behar, focusing on the Royal Palace as a central example of the city's historical grandeur. This palace, built in 1887 in the Italian Renaissance style, embodies a fusion of European and Indian influence, a theme reflected in the city's diverse cultural landscape. Today, the palace serves as a museum, housing artefacts that showcase the regal history of the Koch dynasty, while the city itself exhibits a rich blend of cultures from its historical influences.
