It is a well-known fact that for the development of a country, state, city or even a district growth is essential. Without growth, the word development will remain only as a phrase. Knowledge paves the way for growth which comes from the human itself and helps them to become aware of the surroundings in which they live. On the other hand development of a country, state, city or district means growth in every socio-economic sphere like education, employment, the standard of living and so on. Tourism is one such pillar on which the development of a place falls. The tourism sector is important because it can create opportunities regarding jobs, foreign exchange earnings, maintaining a steady standard of living and can able to fulfil the criteria of overall economic growth of a nation which is important in nation building. There are many countries, and states which depend mainly on tourism and in the verge of developing them. In West Bengal, there is one such district which needs to develop in terms of tourism as the place offers diversity in perspective of history, culture, festivals and so on. The name is MALDA...a district also well known as the gateway of North Bengal.

## 6. Question Session

Ladies and gentlemen, distinguished guests and participants, It gives me great pleasure to welcome you to this afternoon session where you are going to learn about the historical and cultural richness of Malda as a district. We've gathered here today to talk about an important and exciting topic: Tourism in Malda.

Tourism contributes significantly to global and regional economic growth and development. It generates revenue, creates jobs, and promotes cultural exchange and understanding. Tourism, on the other hand, brings with it challenges and concerns that must be addressed in a sustainable and responsible manner.

This afternoon, we've gathered a diverse group of experts on historical, cultural aspects of Malda as a district, to share their insights and experiences. So, without further ado, let us begin today's tourism workshop on tourism in Malda, and I wish you all a fruitful and enlightening experience.

First I would like to call Dr. Ashim Kumar Sarkar, Principal, Gour Mahavidyalaya to give an introduction and share his insight about this workshop.

Thank you very much.

## Concept Note

**Mahindra Pride Classroom** is a flagship Corporate Social Responsibility (CSR) Livelihood programme of the Mahindra and Mahindra group and is fully implemented by Naandi Foundation, a Public Charitable Trust incorporated under the Indian Trusts Act, having its registered office in Hyderabad.

Mahindra Pride Classroom's vision is "To mainstream socially and economically disadvantaged female youth, through the process of skill-development training, so as to make them employable in the various sector".

The Mahindra Pride team strongly believes that apart from academic education, Skill Development is also required for students when they step out into the professional world. It is imperative for young adults to be equipped with essential life skills and soft skills. While certain skills may be acquired through everyday experience at home, Classroom or College, they are not sufficient to adequately equip the youth in today's complex society.

The Mahindra Pride Classroom aims to help students to:

- Develop an identity and improve their self-esteem.
- Manage emotions and overcome obstacles.
- Build relationships and polish their interpersonal skills.
- Enhance and improve employability skills.
- Improve personal and professional effectiveness.
- Develop Problem Solving and Critical Thinking skills.

The life skills component of the training module has helped to transform the learners into confident, determined, goal-oriented –a personality shift essential for them to pursue successful careers in the sectors of their choice.

It has helped improve students' understanding of the world and their role and responsibility towards it. It has also enabled them in finding ways to cope with the challenges that life throws at them. These young adults who underwent our training, firmly believe that they will be able to live a more productive and fulfilling life.

### What does the Mahindra Pride Classroom programme consist of?

- Life Skills - compassion, respect, gratitude, being a responsible global citizen,

**Mahindra Pride Classroom** is a flagship Corporate Social Responsibility (CSR) Livelihood programme of the Mahindra and Mahindra group and is fully implemented by Naandi Foundation, a Public Charitable Trust incorporated under the Indian Trusts Act, having its registered office in Hyderabad.

Mahindra Pride Classroom's vision is "To mainstream socially and economically disadvantaged female youth, through the process of skill-development training, so as to make them employable in the various sector".

The Mahindra Pride team strongly believes that apart from academic education, Skill Development is also required for students when they step out into the professional world. It is imperative for young adults to be equipped with essential life skills and soft skills. While certain skills may be acquired through everyday experience at home, Classroom or College, they are not sufficient to adequately equip the youth in today's complex society.

The Mahindra Pride Classroom aims to help students to:

- Develop an identity and improve their self-esteem.

### Concept Note

For the purpose of ensuring that students are adequately prepared for the application process in the government job sector, it is essential for them to participate in a mock interview and assessment. With this requirement in mind, we have collaborated with Rice-education to organise this seminar concerning a mock examination. The student will be tested in a scenario that is similar to a real-life government examination.

## Concept Note

**Mahindra Pride Classroom** is a flagship Corporate Social Responsibility (CSR) Livelihood programme of the Mahindra and Mahindra group and is fully implemented by Naandi Foundation, a Public Charitable Trust incorporated under the Indian Trusts Act, having its registered office in Hyderabad.

Mahindra Pride Classroom's vision is "To mainstream socially and economically disadvantaged female youth, through the process of skill-development training, so as to make them employable in the various sector".

The Mahindra Pride team strongly believes that apart from academic education, Skill Development is also required for students when they step out into the professional world. It is imperative for young adults to be equipped with essential life skills and soft skills. While certain skills may be acquired through everyday experience at home, Classroom or College, they are not sufficient to adequately equip the youth in today's complex society.

The Mahindra Pride Classroom aims to help students to:

- Develop an identity and improve their self-esteem.
- Manage emotions and overcome obstacles.
- Build relationships and polish their interpersonal skills.

necessary camera with specific feature, trained assistants etc. Apart from the practicalities we got to know the following information necessary for building a digital archive-

1. The preparation of metadata about a document before taking snaps of it. This would help locate the document by the researchers better and would help generate discussion about it.
2. The invited speakers informed us about the British Library Endangered Archive Program (EAP) which offers grants for digitally archiving rare but endangered cultural materials.
3. During the discussion a particular emphasis on preserving local culture was given. As a result the need of digitally archiving the rare manuscripts at Malda District Library was highlighted. Abid Ali Khan Centre would start digitization of the said materials very soon.
