

Admission Notice

Filling of Vacant Seats - Semester I (2023)

In light of the current status, it has come to our attention that a limited number of seats are still available across various departments for Semester I. As part of our commitment to ensuring all available opportunities are utilized optimally, the Admission Committee has taken the decision to extend the publication of the e-counselling list based on the existing merit panel (Phase I and Phase II).

We hereby inform all concerned that the updated e-counselling list will be officially released on the 31st of August, 2023, at 8:00 AM. This list will be accessible for admission until 12:00 PM on the same day.
